“*Inclusion is not bringing people into what already exists; it is making a new space, a better space for everyone.*”

— George Dei

Creating Safer and more
Inclusive School
Environments

2025-1-ES01-KA220-SCH-000356243

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Co-funded by
the European Union

Objectives

- **Deliver 2 educational tools**, an App and a multilingual toolkit with ready-to-use lesson plans and resources to support inclusive, SEL-based learning in the classroom.
- **Train 18 teachers**, to use the toolkit and app in their classrooms in order to promote positive decision-making in real-life bullying and cyberbullying scenarios
- **Conduct local piloting with 30 teachers and 240 students** across 6 European countries, promoting their active engagement.
- **Promote Collaboration** and connect teachers and trainers across Europe to exchange best practices and inspire inclusive education.

Results

1. The Respect Connect App

An interactive, scenario-based app that helps students **build empathy, resolve conflicts,** and **practice responsible online behavior** through engaging, play-based learning.

2. The Educator's Toolkit

A multilingual pack with **lesson plans, activities, and practical methods** to promote **social-emotional learning** and **inclusion** in diverse classrooms across Europe.

3. Parents' Guide

A simple manual to help families **support respect, empathy, and positive online behavior** at home through open communication and shared values.

4. Online Platform

A digital hub offering **free access** to all project materials, **training resources**, and a **collaborative space** for teachers, students, and families across Europe.

Vision

The **Respect Connect** project empowers teachers and students to build **safer and more inclusive school environments** through innovative learning tools and training. It introduces a **gamified, scenario-based app** that helps children recognize, prevent, and respond to bullying and cyberbullying, while developing **empathy, emotional awareness, and responsible online behavior**. Supported by an **educational toolkit** for teachers, the project promotes **social-emotional learning (SEL), diversity,** and **respect**, ensuring that schools become spaces where every child feels valued and protected.
